LANDMARK™ **SERIES takes roofing
to a higher level**

Shown in Max Def Weathered Wood

SO MUCH DEPENDS ON YOUR ROOF.

What's under your roof? What's your roof protecting?

Your family. Your possessions. The integrity of your house.
All under one roof. All protected by the same investment.

When you choose Landmark™ Series Shingles, you make the decision that assures the beauty, durability and security of your home for generations.

Landmark Series takes roofing to a higher level. It's engineered to outperform ordinary roofing in every category, keeping you comfortable, your home protected, and your peace-of-mind intact for years to come with a transferable warranty that's a leader in the industry.

LANDMARK™ SERIES performs

exceptional value

Landmark Series offers three levels of high performance shingles in weight and thickness. The heavier the shingle, the more depth, thickness and dimension it offers. All three offer the exceptional value of the industry's toughest fiber glass mat and the strongest materials available.

- **Landmark™**
240 lbs., Lifetime warranty
- **Landmark™ Plus**
280 lbs., Lifetime warranty
- **Landmark™ Premium**
330 lbs., Lifetime warranty

lasting beauty

Landmark Series shingles endure time and weather beautifully.

something extra

For the highest durability and thickness, ask about the triple-layer Landmark™ TL. Ask your contractor for a Landmark™ TL brochure.

LANDMARK™ PREMIUM color palette

max def colors

Look deeper. With Max Def, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color. And the natural beauty of random repetition shines through.

LANDMARK™ PREMIUM specifications

- Two-piece laminated fiber glass-based construction
- Classic shades and dimensional appearance of natural wood or slate
- 330 lbs. per square

tips for selecting a roof

1. Think big – View a full-sized shingle, not just a swatch or sample.
2. Be real – Look at actual houses where the house and roof color combinations are similar to what you're considering.
3. Watch the light – As you look, notice how colors appear under changing light conditions and at various times of day.
4. Consider the pitch – Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. Ask your contractor – They might be able to point you to a home where they've installed a roof of your style and color.

not sure which color to pick?

CHECK OUT CERTAINTEED'S COLORVIEW.™

ColorView™ is CertainTeed's interactive tool to help you visualize product style and color options. Using it is easy. Just go to www.certainteed.com/colorview.

We've put green thinking behind our shingle and environmentally sound manufacturing ahead of standard industry practices to produce a product line that is green and growing.

CertainTeed is committed to resource conservation. Our roofing manufacturing facilities recycle close to 90% of the production waste into asphalt materials used for the construction of roads. We also integrate recycled content into many of our packaging needs including corrugated rolls and kraft paper.

They're small steps in a big world. But we're green and growing everyday. It's a commitment we take seriously at CertainTeed.

CertainTeed
SAINT-GOBAIN

for the home of a lifetime

CertainTeed building products wrap your home in quality - blending performance, energy efficiency, durability and style.

Ask for quality CertainTeed products for all your building and remodeling needs. The choice you make is for the home of a lifetime.

Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

Hip & Ridge Accessories

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic® roll roofing products are also available for flat roof areas.

Roofers' Select™ or DiamondDeck™

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

WinterGuard™

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

easy selection

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years. We have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Add a little accent to your roof.

CertainTeed offers Mountain Ridge, an accessory product used for capping hips and ridges. It is the perfect finishing touch for your roof, offering blended color and high-profile design. CertainTeed also offers Shadow Ridge accessory, a low-profile design for capping hips and ridges.

#1 rating

long-term protection

SUSTAINED EXCELLENCE

Reaching for the ENERGY STARS.

As a 2011 ENERGY STAR Sustained Excellence recipient for Energy Management, we are proud of our commitment to designing high quality, sustainable roofing products.

Landmark™ Series available in areas shown:

Color Companion Products™

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that match some of the most popular CertainTeed shingles. Ask your contractor for more information.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

Lifetime, limited transferable warranties, including SureStart™ protection, are applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.
